

THANK YOU FOR YOUR PARTICIPATION!

Thank you very much for choosing to participate in this year's Fundy Trail VIRTUAL Cancer Walk in support of the **Oncology department at the Saint John Regional Hospital.**

We continuously work with Saint John Regional Hospital's Oncology Department to identify the highest priority medical equipment and healthcare projects beyond the scope of government funding.

Your support means the highest priority medical equipment and healthcare projects get funding. These are the equipment and projects that make a huge impact for our cancer patients, but are just not possible by relying on government funding alone.

Your gift ensures the best possible care is available when it's needed the most!

Thank you for your wonderful contribution and support of the advancement of healthcare in New Brunswick!
